JABS AND JOLTS
BY JACK BRITTON
DEFEAT MALONE

CANTON, O., April 28.—Jack Britton, welterweight champion, defeated Jack Malone Monday in a twelve-round bout. Britton jabbed and jolted the St. Paul fighter throughout the battle. None of the rounds could be credited to Malone. Britton fought cautiously and took no chances, as Malone occasionally endeavored to put over right crosses. The champion used his left jab to considerable advantage and Malone's face bore evidence of Britton's attention. Malone seemed to be in trouble with his left arm and this was given medical attention, but the physician declared it fit for battle. Notwithstanding this, however, Malone showed no disposition to use the weakened arm, which was broken a couple of months ago.

Purdue Errors Aid in

Whiting
Athletes
Are Busy

(SPECIAL TO THE TIMES)
WHITING, Ind., April 28.—All members of the Standard Oil Athletic Association who are interested in tennis will file entries this week with Mr. Brenner, manager of tennis. A schedule will then be made for the coming tournament. From the questionnaires sent around the plant it has been decided that this will be only second to baseball in popularity this summer.

For those who have not attained proficiency in the game, Captain Orr has promised to set aside certain hours after the tennis season starts, at which he will teach and apply in the technique of the game. He will also instruct beginners in the rudiments and rules of the game. He expects to organize classes and graduate them as soon as they become sufficiently proficient.

The athletic association will furnish equipment to beginners who desire to learn the game so that they may use them instead of buying their own before they know what to buy. The rackets will be sold to players who may wish to purchase them or they can purchase their own gear later as their means and inclinations permit.

This is the last week of the Standard Oil A. A. bowling tournament at Wilkinson's alleys. A number of postponed games are to be played off.

The league baseball season starts Saturday at Whiting Park. Three three-inning games will be played by the six teams in the league. These teams are the Red Cross, Solar Reds, Renown, Parallels, Perfections and Polarines. The new Red Cross band will perform for the first time before the public.

All members of the association interested in football are urged to report to Captain Orr at the Community House or to Lew Griffith of the Pressure Stills for enrollment in the squad for spring football practice. This squad meets daily in favorable weather at the corner of Indianapolis Blvd. and 119th St.

Covelskie
Is Setting
A Hot Pace

(By JACK VEIOCK,
I. N. S. Sports Editor.)
NEW YORK, April 28.—Stanley Covelskie, star right-hander of the Cleveland Indians, is setting a pace that may win him the premiership of his league this season.

In the pennant race two weeks old today, Covelskie has won four games in as many starts for the Tribe and is showing remarkable early season form.

It was Covelskie who started the Indians off on the right foot in the opening game of the season when he shut out the St. Louis Browns with five hits while his own team mates were amassing five runs. Since that victory "Covelskie" has registered victories over the Tigers, Browns and White Sox in the order named. He handed Chicago its first defeat of the season by outpitching Urban Faber in Tuesday's game at Cleveland.

Covelskie is a big, strong six-footer with a lot of speed when he wants to use it, and a good curve ball, though he is also an exponent of the splitter.

TAGGING ALL THE BASES

HERO FOR A DAY—Stanley Covelskie of the Indians. Covey pitched and won his fourth straight game for Cleveland, defeating Faber of the White Sox.

JANVINE's wild throw, coupled with hits which sprung from the bats of Rath, Daubert and Groh, gave the Reds a victory over St. Louis.

THOUGH the White Sox lost their first game they are still in possession of the American League lead.

THE Reds and Dodgers are tied for the lead in the National with seven victories and three defeats apiece.

THE weather man fattened his average Tuesday. Six games were postponed on account of rain and wet grounds.

WILSON PETSTER of the Yanks expects to leave the hospital in which he has been confined in Baltimore within the week. He will attempt to return to the New York lineup.

Cearing of industrial high school, who put the shot 56 feet at the dual meet last Saturday, may have to consume a few bricks of shredded wheat to equal the record of Ray Johnson, full back on the Indianapolis University eleven, who put the shot 42 feet 6 inches in a dual meet against Cincinnati.

Marin Plestina, professional wrestler, has brought suit for \$100,000 against a circus at Council Bluffs which advertised Plestina's name and fame to draw crowds (2) and then substituted a mediocre wrestler. Plestina is not connected with the circus.

If publicity counts for anything and Plestina is unknown, what is Zbyszek's or "Strangler" Lewis' "top" worth?

Orlando Plant, champion bicyclist of Italy, arrived at New York yesterday. He will ride at the Newark velodrome. On the same boat over was Georges Papi, lightweight champion of France, who immediately after landing wired the World of Sport that his name is spelled with a single and not a double "p" as appeared here yesterday in announcing his forthcoming fight with Lew Tendler. The col. stands corrected.

Jack Sharkey, New York bantamweight, will meet Jimmie Wolfe—in London—next fall—for a purse of not less than \$25,000.

The U. of C. baseball team en route to Japan stopped off at Honolulu to nibble a little original yak-bula, hick-u-la, and incidentally dropped a bomb, 3, in favor of an all-Chinese team.
